

FOR IMMEDIATE RELEASE

CLEAR-COM'S VINNIE MACRI DISCUSSES ADVANCES IN INTERCOM COMMUNICATIONS AT LDI 2012

Macri Will Present Production Techniques with Critical Intercoms for Backstage Communications

LAS VEGAS, OCTOBER 9, 2012 — Clear-Com®, a global leader in critical voice communications systems, will be hosting the LDI 2012 training session, **Advances In Intercom Communications** (Session #PT06), on Saturday, October 20 at 1:30pm, in room N239.

Vinnie Macri, Clear-Com's Product Marketing Manager, will head the session, which will cover the role that intercom systems play in critical backstage communications. At the session, Macri will discuss how to employ analog and digital intercom systems for seamless wireless roaming in a performance venue while maintaining complete coverage. Session attendees will also have a chance to learn more about some of the major advances within digital partyline intercom system technology. Attendees who will find this session especially useful include managers of facilities/venues, theater consultants, sound designers and technical directors.

LDI attendees are also welcome to visit the Clear-Com booth (#805) during LDI 2012 for demonstrations of the company's latest range of intercom solutions, including the **HelixNet™ partyline intercom system**, **CC-300 and CC-400 headsets**, and **Tempest®2400 Seamless Roaming** and **MasterBelt** intercom solutions.

About Clear-Com®

Clear-Com, an HME company, is a global provider in professional voice communications systems since 1968. We develop and market proven intercom technologies such as Analog & Digital Partyline, Digital Matrix, Wireless and Intercom-over-IP systems for critical communication applications in broadcast, performance venues, military, government and enterprise markets. Recognized for our legacy of intercom innovations, production teams around the world have come to depend on Clear-Com for clear, reliable and scalable communications solutions.
