

FOR IMMEDIATE RELEASE

CLEAR-COM® ANNOUNCES EQUIPMENT TRADE-IN PROMOTION AT AUVSI 2013

WASHINGTON, DC, AUGUST 5, 2013 — Clear-Com® announces an intercom equipment trade-in offer for its military, aerospace and government (MAG) customers at AUVSI 2013 (Booth 2806). For a limited time, eligible customers can trade in their old Clear-Com systems, as well as other brands of intercoms, for the latest Clear-Com products at a discount.

“We understand how important it is for personnel to have the most reliable and high-performing communication systems to successfully carry out their operations,” says Mike Hughes, Clear-Com’s General Manager for Military, Aerospace, and Government (MAG). “This trade-in promotion is a unique opportunity for our customers to optimize their collaboration and modernize communications through a cost-effective upgrade to the newest intercom solutions.”

Clear-Com and other brands of intercoms are eligible for the trade-in promotion irrespective of condition. Equipment can only be exchanged at a markdown for systems of the equivalent product type. New intercom systems that are available in this promotional offer include but are not limited to:

- **Eclipse® HX Digital Matrix Systems** — A family of high-performance matrix intercoms with multiple interface options for command and control.
- **HelixNet™ Partyline** — Digital wired intercom enabling connection between remote sites over fiber or through a LAN.
- **Tempest® Wireless Intercom** — 2.4 GHz and 900 MHz digital wireless intercom systems with the most capabilities for mobile workers.
- **HME® DX Series Wireless Intercom** — Easy-to-deploy, portable and fixed 2.4 GHz wireless intercom systems for small- to mid-sized applications.
- **Concert** — Intercom-over-IP solution that extends communication to hundreds of remote personnel over multiple, simultaneous conferences.

For more information on Clear-Com’s trade-in offer, please contact the Clear-Com MAG team at +1-855-237-4624.

About Clear-Com®

Clear-Com delivers professional communication solutions for command and control, training and simulation, test and evaluation, and more.
