CLEAR-COM BRINGS SCALABLE AND FLEXIBLE INTERCOM SOLUTIONS TO CABSAT 2014

DUBAI, FEBRUARY 17, 2014 – Clear-Com® will bring several new intercom systems and product enhancements to CABSAT 2014, demonstrating the company's abilities to provide high quality communication solutions for a wide range of broadcast and production environments. The latest additions to the **Eclipse HX-Delta** Digital Matrix System and the extended **HelixNet™** Partyline Intercom System will be showcased in Hall 6, Stand B6-31.

Samer Mouwanes, Regional Sales Manager, Middle East, Clear-Com, said, "We are excited to bring our latest product enhancements to CABSAT. It is an exciting time in the region as Dubai continues to develop and grow as a key broadcasting centre, and Clear-Com's newly opened Dubai office underlines our commitment to the Middle East."

At CABSAT 2014 Clear-Com will demonstrate the latest capabilities of the **Eclipse HX** digital matrix intercom system, which include Ethernet/IP Intelligent Trunking with IVC-32-HX card redundancy, as well as dual label and Arabic language support on V-Series panels. These new additions are particularly useful for mobile production and multi-location production facilities that require agile and flexible communications solutions.

In addition Clear-Com will show the latest advancements to the **HelixNet™ Partyline** Intercom System. The system now allows multiple HelixNet systems to link over Ethernet and Fibre networks for distributing many digital partyline channels, program audio feeds and auxiliary interfaced audio to digital beltpacks users.

About Clear-Com®

Clear-Com, an HME company, is a global provider in professional voice communications systems since 1968. We develop and market proven intercom technologies such as Analog
