

## **HME Acquires NTN Wireless Communications, Inc.**

**POWAY, CA – April 3, 2007** – HM Electronics Inc. (HME), the first to develop the wireless headset for the drive-thru and the wireless intercom system for the pro audio industry, announced today the acquisition of NTN Wireless Communications, Inc., a leading provider of wireless communication management products including GuestCall and ServerCall paging systems for hospitality, retail, hospital, and worship nurseries.

Headquartered in Suwanee, Georgia, NTN Wireless Communications, Inc. will operate as a wholly-owned subsidiary of HME Inc. NTN Wireless was a division of NTN Buzztime, Inc.

"NTN Wireless Communications provides wireless solutions to improve efficiency and customer service which fits our core purpose and competencies" said Chuck Miyahira, CEO of HME. "We are excited about this acquisition and the opportunities it opens up to both HME and NTN Wireless customers. Our corporate resources and experience in the hospitality industry will facilitate further growth for the NTN business while our shared technologies will expand the product offerings for both companies' customers. This increases our capabilities to develop more extensive solutions to meet the needs of the market."

### **About NTN Wireless Communications, Inc.**

NTN Wireless Communications, Inc. offers a complete line of wireless communication management products, including GuestCall and ServerCall paging systems, and innovative Smart Messaging pagers. The hospitality product suite is built around the goal of using technology to improve the customer experience and front-of-store efficiencies. NTN Wireless Communications also offers on site messaging solutions for hospitals, church and synagogue nurseries, salons, business offices, and retail establishments.
