

**Jena Choctaw Pines Casino bets on guest paging system
from HME Wireless to enhance service and win with customers**

ATLANTA, GA — *March 5, 2014* — Jena Choctaw Pines Casino of Dry Prong, LA, is using [casino pagers](#) from HME Wireless to enhance its customers' experience and encourage more gaming. As a smaller casino, Choctaw Pines counts on its food buffet to drive business. With [restaurant pagers](#), patrons are free to pay for their food in advance and enjoy the gaming floor while they wait for a table.

“One of our managers had used an HME [restaurant paging system](#) at another location and was very happy,” said William Wiener, Jena Choctaw’s Food and Beverage Director. “We’ve been able to deliver a lot better quality of service since opening with HME at Choctaw Pines.”

Wiener noted that Choctaw Pines has had issues with competitive systems at other locations, such as broken pagers. Not so with **restaurant pagers** from HME Wireless.

“I would definitely recommend the HME wireless paging system to other casinos,” said Wiener. “We’ve found that HME has the best pagers at the best price.”

“The Jena Choctaw Pines Casino knows how to win with customers, and we’re very proud to be a part of it,” said Russ Ford, Vice President of HME Wireless.
