

World famous W Hotel calls on server paging from HME Wireless to ensure quality food and efficient service at its Washington, D.C. location

ATLANTA, GA — February 6, 2014 — The W Hotel in Washington, D.C. is now using [server pagers](#) from HME Wireless to meet its customers' high expectations of quality food and attentive service. After noticing that bartenders and servers had a hard time judging when to pick up food at busy times, bar manager Bruno Miranda decided to try an HME Wireless [server paging system](#).

“I wanted to ensure that food gets to the table at the right time, and at the right temperature and quality,” said Miranda. “I also wanted to save time for our staff.”

Right now the Washington, D.C. W Hotel is using four [server pagers](#) from HME Wireless in its busy kitchen. And everyone is happy with the results.

“The paging system is really good,” said Miranda. “Our chef is very happy and my staff is as well.”

“The W Hotel sets high standards with everything it does, and HME Wireless is proud to have our paging products play such a pivotal role there,” said Russ Ford, Vice President of HME Wireless.
