

THE TOTAL SOLUTION FOR RESTAURANT COMMUNICATION

Optimize Your Restaurant Communication

At its core, NEXEO is a world-class drive-thru audio solution, while also uniquely designed to provide greater efficiency across key areas of your operation—drive-thru, mobile order pickup, curbside pickup, walk-up windows, and dine-in service. Whether you're calling a crew member to provide discreet coaching or receiving critical alerts from your ZOOM Nitro timer to your headset, NEXEO delivers key information to the right person at the right time, without impacting drive-thru communication.

NEXEO Highlights:

- ✓ Independent Group Channels
- ✓ Targeted Alerts & Reminders
- ✓ HDX Digital Audio
- ✓ Touchscreen Interface
- ✓ Text & Connect
- ✓ 1:1 Calling
- ✓ 1:Group Calling
- ✓ Intuitive Message Center
- ✓ Tap-to-Connect Registration
- ✓ Voice Commands
- ✓ ZOOM Nitro[®] Timer Integration
- ✓ At-a-Glance System Health
- ✓ Remote Management & Troubleshooting

Seamless ZOOM Nitro® Timer Integration

Staying on top of your drive-thru performance is now easier than ever with performance alerts delivered directly to your headsets. Integration between NEXEO and the ZOOM Nitro Timer enables alerts that state exactly which event needs your immediate attention like when a customer in the drive-thru lane exceeds your specified lane total wait time. Integrated alerts help you improve performance on the spot, taking your operation to the next level.

Customer Service that Never Misses a Beat

NEXEO's voice-enabled technology allows you to use your voice to quickly connect to your drive-thru customers, adjust headset settings, initiate a one-to-one call to a team member, and connect to different work groups—all hands-free. Voice commands make it easier than ever to keep the workflow going during the daily restaurant hustle and bustle, enabling your team to stay on task to better serve customers.
