

THE TOTAL SOLUTION FOR RESTAURANT COMMUNICATION

Optimize Your Restaurant Communication

At its core, NEXEO is a world-class drive-thru audio solution, while also uniquely designed to provide greater efficiency across key areas of your operation—drive-thru, mobile order pickup, curbside pickup, walk-up windows, and dine-in service. Whether you're calling a crew member to provide discreet coaching or receiving critical alerts from your ZOOM Nitro[®] Timer to your headset, NEXEO delivers key information to the right person at the right time, without impacting drive-thru communication.

NEXEO Highlights:

- ✓ Independent Group Channels
- ✓ Targeted Alerts & Reminders
- ✓ HDX Digital Audio
- ✓ Touchscreen Interface
- ✓ 1:1 Calling
- ✓ 1:Group Calling
- ✓ Intuitive Message Center
- ✓ Tap-to-Connect Registration
- ✓ Voice Commands
- ✓ ZOOM Nitro[®] Timer Integration
- ✓ At-a-Glance System Health
- ✓ Remote Management & Troubleshooting

Seamless ZOOM Nitro® Timer Integration

Staying on top of your drive-thru performance is now easier than ever with performance alerts delivered directly to your headsets. Integration between NEXEO and the ZOOM Nitro® Timer enables alerts that state exactly which event needs your immediate attention like when a customer in the drive-thru lane exceeds your specified lane total wait time. Integrated alerts help you improve performance on the spot, taking your operation to the next level.

Customer Service that Never Misses a Beat

NEXEO's voice-enabled technology allows you to use your voice to quickly connect to your drive-thru customers, adjust headset settings, initiate a one-to-one call to a team member, and connect to different work groups—all hands-free. Voice commands make it easier than ever to keep the workflow going during the daily restaurant hustle and bustle, enabling your team to stay on task to better serve customers.
