

Managing Announcements Settings on the Nitro Gamification Leaderboard

The Nitro Gamification Leaderboard shows your restaurant's speed of service metrics ranked against other restaurants in your enterprise and is designed to further incentivize crews, managers and owners to reach even greater productivity levels.

The Announcement Settings option in HME CLOUD enables you to manage the duration and frequency of the Smack Talk messages as well as the Contest and Award notifications that appear on your Nitro Gamification Leaderboard.

Managing Announcement Settings

1. Log into your HME CLOUD™ account.
2. Click on **LEADERBOARDS**.

The screenshot shows the HME CLOUD dashboard. The top navigation bar includes links for WELCOME, DASHBOARD, REPORTS, LEADERBOARDS (highlighted with a red circle), SETTINGS, SMACK TALK, and a user profile icon. The main content area features a welcome message for Eduardo, quick links to Leaderboards, Stores, Users, My Account, and Display, a central 'Questions? Get Training!' section with a 'Get Training' button, and a 'Store Ranking' section showing the top 3 stores by average time.

Rank	ID	Name	Score	Goal
1	#1234	Test	88	GOAL 60
2	#1236	Delaware	89	GOAL 180
3	#9991682	Boddie-Noell	101	GOAL 180

3. Click on **ANNOUNCEMENT SETTINGS**.

The screenshot shows the 'Leaderboards' page in HME CLOUD. The sub-navigation bar includes links for LEADERBOARDS, CONTESTS, AWARDS, SMACK TALK, AVATARS, and ANNOUNCEMENT SETTINGS (highlighted with a red circle). The main content area has a '+ Add Leaderboard' button, a 'Customize Leaderboard' link, and a table listing existing leaderboards.

Managing Announcements Settings on the Nitro Gamification Leaderboard

4. Below **Notifications**, in the **ANNOUNCEMENT SETTINGS** page, you can manage how long **Smack Talk** messages, **Contest Winner Banner** notifications, **Contest Starting Banner** notifications, and **Round Starting Banner** notifications display on your Gamification Leaderboard. You can also manage how frequently these notifications display.

The screenshot shows the 'Announcement Settings' page with a navigation bar at the top containing: LEADERBOARDS, CONTESTS, AWARDS, SMACK TALK, AVATARS, and ANNOUNCEMENT SETTINGS (which is highlighted). The main heading is 'Announcement Settings'. Below it is a section titled 'Notifications'. There are four notification settings, each with a 'Display for' field, a unit dropdown, and a trigger text:

- Smack Talk**: Display for 40 minute(s) after message is sent.
- Contest Winner Banner**: Display for 1 hour(s) after Contest ends.
- Contest Starting Banner**: In addition to the settings below, this banner will display continuously for 60 seconds before the Contest starts. Display for 3 hour(s) before Contest starts.
- Round Starting Banner**: In addition to the settings below, this banner will display continuously for 60 seconds before the Round starts. Display for 20 minute(s) before Round starts.

At the bottom is a section titled 'Frequency of Notifications' with the following text: 'Repeat Presentation: Display for 10 minute(s) and then Hide for 10 minute(s)'. The words 'Display' and 'Hide' are circled in red in the original image.

Note: The frequency time you enter will be the same for ALL the notifications.

Under **Frequency Of Notifications**, the **Display** and **Hide** frequency settings must be shorter than the longest selected display time.

For example, if your longest display time is 30 minutes, your **Display** and **Hide** frequency setting must be 29 minutes or under.

Managing Announcements Settings on the Nitro Gamification Leaderboard

- Below **Presentation Pages**, in the **ANNOUNCEMENT SETTINGS** page, you can manage how long the **Award Achievement** and **Contest Winner** presentation screens display.
- To modify default display times for a **Notification** or **Presentation Page**, click on the field next to **Display For** and **Repeat Presentations** to enter the desired number.
- Click on the dropdown box to select **hour(s)** or **minute(s)**.

Note: You may enter a number between 1 and 72 if you select **hour(s)** or a number between 1 and 60 if you select **minute(s)**.
- Click on **Save** to save all your settings.
