

Reading the Contest View on the Nitro Gamification Leaderboard

The Nitro Gamification Leaderboard incentivizes crews, managers and owners to reach even greater productivity levels. Gamification is a game-based methodology, designed to tap into the competitive nature of your crew. Once a Contest begins, in-store Leaderboard automatically switches to Contest mode.

- Name of Contest
- Duration and time ranges of Contest
- Reward winning team will receive, if **Reward** option selected

Top three Contest leaders are displayed with your store's Avatar and number of points accumulated.

Your store's metrics for the current round:

- **% of Goal**
- **Car Count**
- **Avg Time**

Time left in the Contest round and number of rounds remaining.

Your store's Avatar with your current ranking number.

Periodically, your Avatar will share feedback about your store's performance.

Total number of stores competing in Contest displays on the lower right corner.

A six-store Leaderboard is displayed which includes your store.

Only the ranking metric that the Contest is centered around displays on the Leaderboard.
