

# Reading the Nitro Gamification Leaderboard

Nitro Gamification is designed to further incentivize crews, managers, and owners to reach even greater productivity levels. Gamification is a game-based methodology that is designed to tap into the competitive nature of your crew. The Nitro Gamification Leaderboard displays an Avatar that adds a visual and engaging component.

Top three performing restaurants display at top and distinguished with a gold, silver, or bronze metal.

Displays a total of seven stores.

Leaderboard name.

Total number of stores competing.

Number of contests won and awards earned by your store.

Your restaurant is marked with a blue arrow.

# Reading the Nitro Gamification Leaderboard

Your restaurant's Avatar.

Leaderboard ranking metric header is in blue.

A progress bar displays when **% of Goal** is the ranking metric and shows progression towards achieving goal.

By default, **Current Hour** and **Current Day** time-periods display.

Percentage of cars that have met **Average Time** goal.

**Speed Goal** setting for **Lane Total** or **Lane Total 2** from Zoom Timer.

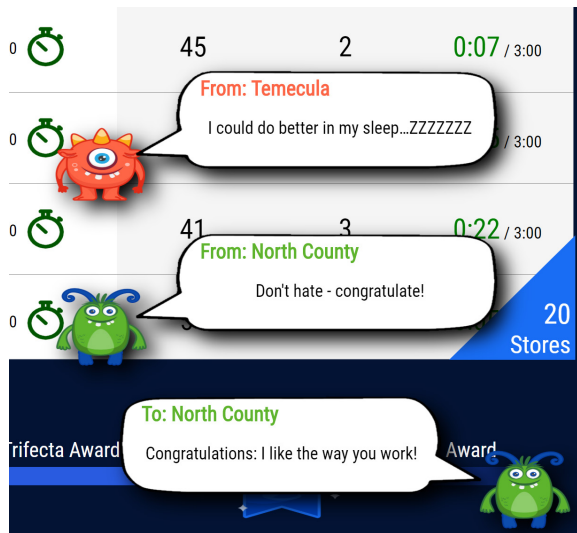

**Lane Total** or **Lane total 2** current average time for selected time-period(s).

Number of cars that have departed drive-thru during selected time-period(s).

# Reading the Nitro Gamification Leaderboard

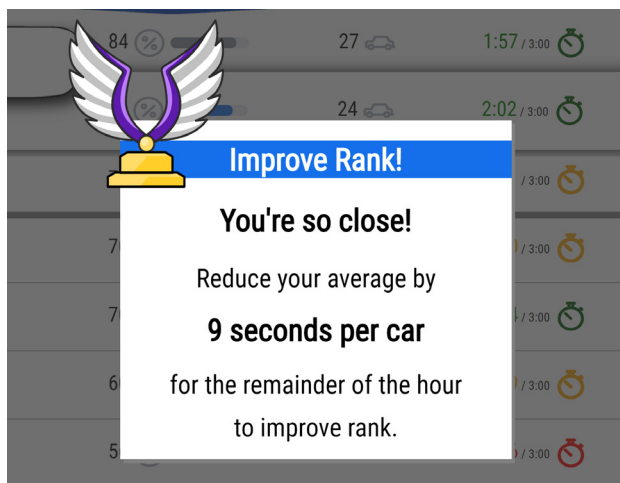

**Smack Talk** messages from competing restaurants display on the Nitro Gamification Leaderboard.

You may select from a pre-configured list of **Smack Talk** messages. There are three different message categories: Boast, Taunt, and Congrats.

**Feedback** displays on the Leaderboard periodically and provides key status, information, and actionable insight at important times.

Smart contextual feedback tells the crew specifically what to do to rank up or win an Award.
