

## Setting up Pre-Configured Awards on the Nitro Gamification Leaderboard

The Nitro Gamification Leaderboard is a highly motivating tool in your restaurant that is designed to incentivize crews, managers, and owners to reach even greater productivity levels. The Leaderboard intensifies competition between restaurants and promotes a feeling of accomplishment with Awards!

### Nitro Gamification:

1. Incentivizes crews, managers, and owners to reach even greater productivity levels.
2. The Nitro Gamification Leaderboard intensifies competition between restaurants.
3. Awards promotes a feeling of accomplishment.
4. Awards allow your crew to earn recognition for their speed-of-service performance by displaying achieved awards directly on the Leaderboard.
5. There are 15 Pre-Configured Awards that your crew can start earning and accumulating to help encourage their performance.

**Example: Triple Crown** is awarded to store that achieves the following in a month period:

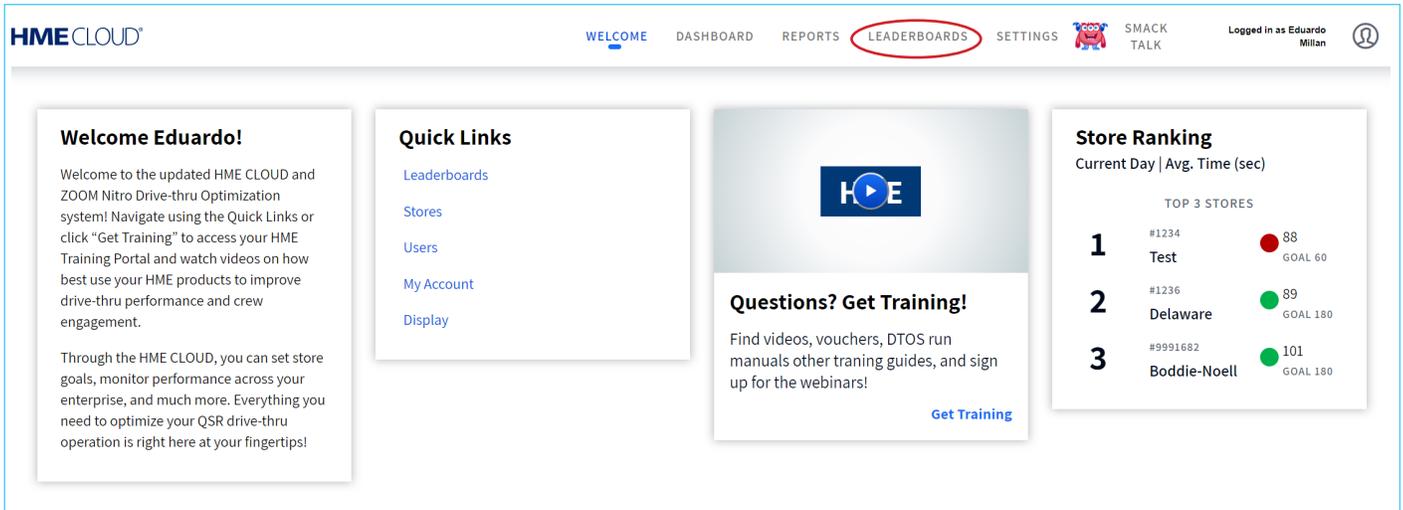

- Fastest average **Total Time**
- Most cars served
- Best % **of Goal** achieved

## To Enable or Disable a Pre-Configured Award

1. Log into your HME CLOUD™ account.
2. Click on **LEADERBOARDS**.

3. Click on **Awards**.
4. Click on **Configure Awards** link to see a listing of all the **Pre-Configured Awards**.

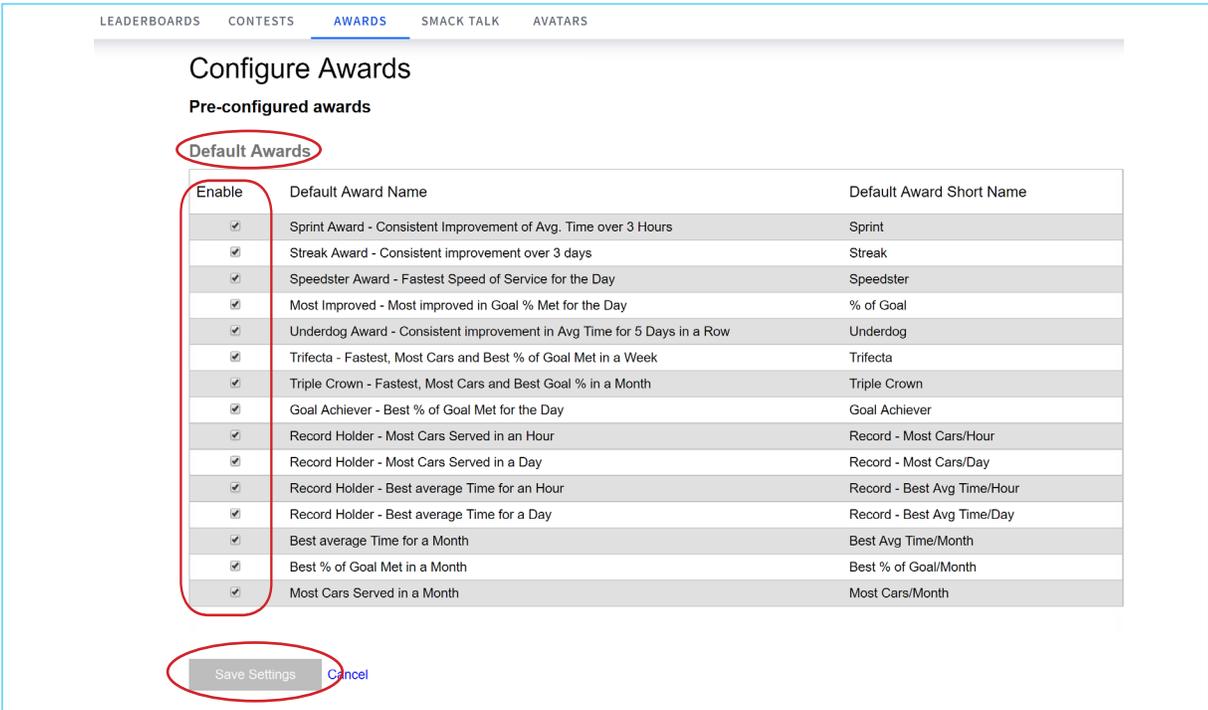

# Setting up Pre-Configured Awards on the Nitro Gamification Leaderboard

5. Under **Default Awards**, click on the checkbox in the **Enable** column next to the Award you would like your crew to work towards achieving.

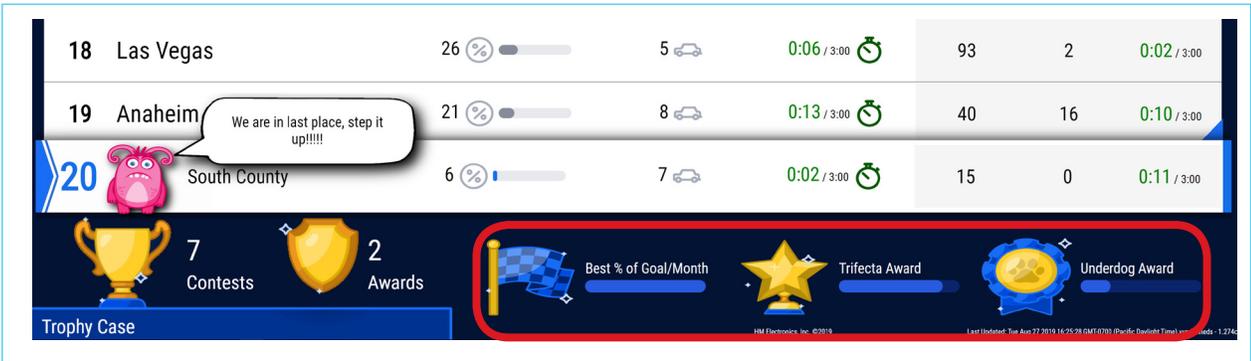

**Note:** The short name is what will display on the Leaderboard when it's one of the three awards that the crew is closest to achieving.

6. To disable an Award, click on the checkbox to deselect it.

7. To save settings, click on **Save Settings** at the bottom of the screen.

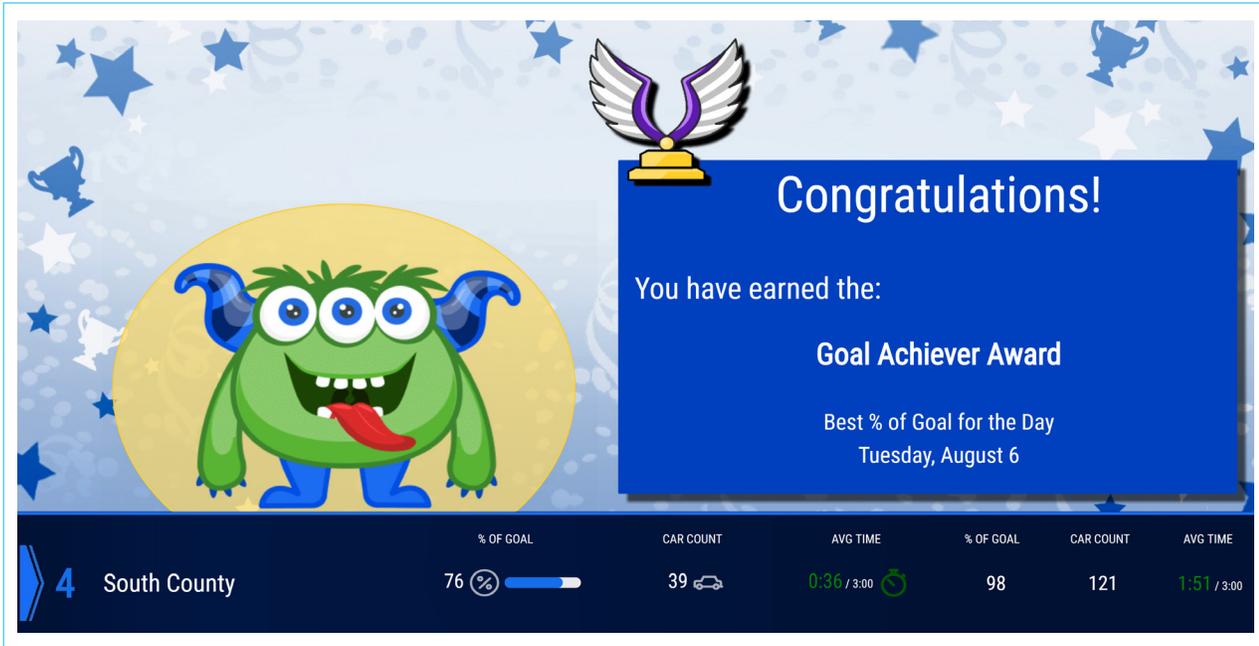

8. The three Awards closest to being achieved will be displayed on the Nitro Gamification Leaderboard next to the Trophy Case and will show your progress towards achieving Awards.
